

"Crispy an' crunchy an' all-the-time-crackly! An' never tough or leathery! Gee, what would happen if Kellogg's got all eaten up before tomorrow!"

You certainly realize the difference in Corn Flakes when you eat Kellogg's

From the instant you open the generous sized package till they're tucked away in great and tiny "bread-baskets," Kellogg's Corn Flakes are a delight! You can't even look at those big sunny-brown flakes, all joyously flavored, crisp and crunchy, without getting hungry! Kellogg's are never leathery or tough or hard to eat—they're just wonderful!

Such a spread for big and little boys and girls—the sweetheart of fine white corn kernels deliciously flavored and deliciously toasted in Kellogg's own way! You can't imagine anything more joyous to eat at any hour.

Kellogg's Corn Flakes are childhood's ideal food! Kiddies can eat as much as they can carry! Every mouthful makes for health, for sleepy-time-stomachs!

Don't just ask for "corn flakes"! You say KELLOGG'S—the original kind in the RED and GREEN package!

Chronic Constipation.

There are people who never have a movement of the bowels without it is produced by a cathartic. Most of them have brought that condition on themselves by the use of mineral waters and strong cathartics that take too much water out of the system and aggravate the disease they are meant to relieve. A mild laxative tonic like Chamberlain's Tablets affords a gentle movement of the bowels that you hardly realize has been produced by a medicine, and their use is not so likely to be followed by constipation. Shiloes Enters Penitentiary.

John Shiloes and May Moore were taken to Jefferson City Wednesday and registered into the penitentiary. They were accompanied by Sheriff Forsha and Deputy Sheriff Cagley. Shiloes, it is said was very much disgusted over the prospects. On their way back the officers arrested Ferdinand Koch, in Sedalia, who is wanted at Concordia for abandoning his wife and children.

For The Children.

Too much care cannot be exercised in selecting a cough medicine for children. It should be pleasant to take, contain no harmful drug and most effectual in curing their coughs and colds. Long experience has shown that Chamberlain's Cough Remedy meets these conditions. It is a favorite with many mothers. Adv.

Periodic Bilious Attacks.

Persons subject to periodic bilious attacks will observe that their appetite fails them just before an attack. That is, they do not really crave food but eat because it is meal time. If they will eat only a light meal and no meat, then take two of Chamberlain's Tablets the attack may be avoided. Adv.

Project No. 223
Counties of Lafayette & Ray

Sealed proposals, addressed to the County Clerk of Lafayette County Missouri, and endorsed "Proposal for the construction of the Missouri River Bridge at Lexington, Missouri, Project No. 223," will be received by the State Highway Commission until ten (10) o'clock A. M., on the 4th day of December, 1922, and at that time will be publicly opened and read at the County Court House, Lexington, Missouri.

The proposed work includes the construction of a bridge over the Missouri River located near Lexington, either about one hundred (100) feet up stream from the foot of Tenth Street or approximately thirty-three hundred (3300) feet above the foot of Tenth Street.

The bridge is to be of structural steel consisting of:

Four two hundred forty-six (246) feet through truss spans, two four hundred and eight (408) feet through truss spans, three two hundred and eight (208) feet deck truss spans and approximately seven hundred (700) feet of steel trestle approaches, together with earth embankment.

The Tenth Street location requires considerable dike work and river protection to force the river through the opening. The bridge for the upstream location is practically the same as heretofore described, except that very little dike work is required. Proposals are asked for on the two alternative locations.

Plans and specifications are on file and may be inspected in the office of the Chief Engineer at Jefferson City,

Missouri, and in the offices of the Consulting Engineer, J. A. L. Waddell, 934 Wyandotte Street, Kansas City, Missouri, and 35 Nassau Street, New York City.

A set of plans and specifications can be obtained from the Consulting Engineer upon deposit of twenty (\$20.00) dollars, which amount will be refunded if both plans and specifications are returned in good condition within ten days.

Proposals shall be submitted upon blank forms provided for the purpose by the Consulting Engineer and shall be accompanied by a certified check, made payable to the Treasurer of the State of Missouri, for five (5) per cent of the amount of the bid. A proposal bond cannot be accepted in lieu of a certified check.

The right is reserved by the State Highway Commission to reject any or all bids and to waive all technicalities as to procedure.

The plans and specifications have not received the approval of the Bureau of Public Roads and no award of contract will be made until after the formal approval of the plans and specifications.
